

OPEN UP TO WHAT'S POSSIBLE

209 SERIES HIGH PERFORMANCE DOORS

209-CD HIGH SPEED, RIGID PANEL ROLL-UP DOOR

The 209-CD High Speed, Rigid Panel Roll-Up Security Door System is a great fit for moderate traffic applications requiring lower speed, lower cycle performance.

Featuring the same great aesthetics as the 209-V and 209-D, the 209-CD offers great value while delivering a durable, high quality solution with energy efficiencies.

EASY INSTALLATION!

INNOVATIVE

Ideal for auto dealerships providing low-profile design. Offers great aesthetics. And, its non-contacting slat design enables a smooth, quiet operation.

DURABLE

Our electric direct drive operation eliminates high-wear parts, reducing maintenance costs.

ENERGY-EFFICIENT

Rugged, weather-tight gasketing between slats seals out the elements, saving energy.

CONSISTENT DESIGN

Ideal for moderate traffic applications – opens and closes up to 12" per second.
